Mr Gary Davies

Dear Mr Davies

**Re: AA1342583B**

Thank you for your letter regarding the SkillsTrain Course, which has now been cancelled.

We would like to point out that Rob Ager, who is not a student of ours, was found to be inciting and encouraging students (and in some instances non-students) to write to our business partners. Please visit [www.vimeo.com/9140994](http://www.vimeo.com/9140994) to view a video regarding Mr Ager's claims.

We looked into Rob Ager's background and we discovered that he has been:

1. Banned 3-times by YouTube;
2. Accused of being a racist;
3. Investigated and sued by Twentieth Century Fox as well as Warner Brothers, Disney Group and Universal Studios.

The latter are all pursuing him for copyright infringements. Furthermore Vimeo and MoneySavingExpert have banned him and YouTube has removed him for inappropriate content.

It is clear that you are raising the subject of validation after reading information obtained on the Internet which is totally incorrect and unlawful.

There seems to be growing sentiment that information sourced from the Internet should be verified three times elsewhere before being believed. We wholeheartedly endorse that view and we will be using the documentation you have supplied to us as evidence to support our claim against Mr Ager in the courts.

We would kindly refer you to the enclosures with regards to the Internet and confirmation that SkillsTrain provides courses and support that Focus on Jobs. We can also confirm that we have previously been members of e-skills and the BLA.

We wish you every success in the future.

Yours sincerely

*D Donald*
